

WINNERS OF PRIZES IN SCHOOL GARDEN EXHIBITION

The committee that judges the display of floral and agricultural products exhibited by the various school and individual student gardeners met at the City hall yesterday afternoon and announced the awards. The prize-winners will be presented with the prizes on Saturday. The members of the committee were Mrs. R. B. Porter, Mrs. Edward Bichel, J. D. Larson, A. A. Andrews, Superintendent J. M. Mills and Hyrum Plin-

son. The W. H. Wright & Sons' company donated the largest silver cup to the Lorin Farr school for having the best school garden. It is probable that the big cup will go to the schools winning first prize each year three times. To the Five Points and Mount Fort schools, second and third prize winners, cups donated by the Weber club will be given to be the property of the schools. Those cups have been ordered. To the other prize winners, monetary awards will be made.

The Weber club bureau will continue to support the school garden movement. In the spring, the club purchased \$70 worth of seeds and also paid for the ploughing of the school gardens.

Individual prize-winners were announced yesterday as follows:
Best display of nasturtiums, Marguerite Ward.
Marigold collection, Byron Halver-

son.
Asters, white, not less than three dozen, Alfred Robb; asters, pink, not less than three dozen, Leona Warner; asters, purple, not less than three dozen, Orville Anderson.

Pansies collection, Rachel Jenkins.
Cosmos collection, Luella Nickolas.
Best peck of tomatoes, Frank Wheelwright.

Six best cantaloupes, Clyde Stone.
Best package of red table beets, Ellen Nelson and Lizzie Jones; sec-

ond best package red table beets, George A. Seaman, Jr.; third best package red table beets, Lillian Nor-

Best package of carrots, Asa Briscoe; second best package of carrots, Geo. A. Seaman, Jr.; third best package of carrots, Albert Core.

Best peck of onions, Roy Schonlon; second best peck of onions, Leonard Hopper.

Best peck of parsnips, Russell Petty; second best peck parsnips, Roy Schonlon.

SCHOOLS OF THE CITY ARE TO GIVE A FAIR OCT. 18

An Ogden City public school fair will be held at the Ogden High school October 18, and preparations for the big exhibit are now underway. The fair will be held on the date when hundreds of teachers will be in the city attending the district educational convention, giving the visiting educators an opportunity of seeing what work is done in the schools of Ogden.

Not only will the visitors be invited to the fair but an invitation is extended to the people of the city to call at the high school on that date to look at the work of the students.

One of the features of the fair will be the exhibit of agricultural and floral products. The prize exhibits in the Ogden Furniture store will be removed to a booth at the high school and the withered flowers from the school gardens will be replaced with fresh. In addition to the agricultural products, there will be art work, domestic art work such as sewing, eatables prepared in the domestic science departments, articles manufactured by the manual training classes and general school work.

To the manual training classes will probably be given the duties of arranging the booths for the exhibits. The fair will be a first class proposition as all work will be displayed in the best possible manner and there will be attendants present to answer all questions.

WEBER CLUB PLANS TO ENTERTAIN ON LARGE SCALE

Plans for an enjoyable reception to be held in honor of the completion of the Weber club's new home are being made by Secretary L. L. Reynolds and the indications are that the housewarming will be a great success.

In addition to the opening reception a New Year's entertainment will be given along such lines that it will not be necessary for club members and their families to leave the city for the celebration of the festive night. When the new home is completed, the directors are satisfied that it no longer will be necessary for Ogden people to spend their money away from home for lack of proper dining and amusement facilities. Already the club has secured a new and experienced steward.

"On account of the present heavy business in our dining room and the expected increase when we move into our new home, the directors have found it necessary to employ as steward, William Soell, said Secretary Reynolds today. "Mr. Soell has had wide experience as steward at several large clubs and hotels throughout the country coming here direct from the Country club of Salt Lake, where he acted as superintendent during the past two years."

"It is anticipated that when we move into our new quarters many of the families of our 390 members will want to entertain more or less, in which event Mr. Soell will be able to look after their every want. Our new home will be properly equipped for entertaining parties of any size up to 200, but the privilege will be limited, of course, to members and their families. Already a number of reservations have been made for large affairs, just as soon as the club is ready."

"Everything in the way of furniture and furnishings has been ordered so that it will be held in time for our opening the latter part of November. I have visited many of the clubs from

one end of the country to the other and I want to say that none of them will be any more complete than our new Weber club home in Ogden. Many of the other clubs, perhaps, have more luxurious furnishings, but that is where we expect to make our hit. What we lack in rich furnishings we expect to make up in good fellowship and home like environment. Our furnishings will be rather plain and in accordance with present day good taste."

KNIGHTS TO BEGIN SOCIAL SEASON, MONDAY NIGHT

The local council, Knights of Columbus, will begin its social season with a dance Monday night in the Woodmen of the World hall in commemoration of the discovery of America by Christopher Columbus. The Knights have observed Columbus day in fitting manner for several years and the committee promises to make the social this year a record-breaker.

It is planned to hold socials and dances each month throughout the fall and winter in the Woodmen hall where there is an excellent dance floor. The affairs will be of an informal nature and the social committee promises enjoyable evenings to all who participate.

EARTHQUAKE CAUSES PANIC.
Messina, Sicily, Oct. 9.—A strong earthquake shock lasting twelve seconds, occurred here today and caused considerable panic just at the time when the American Red Cross orphanage was being opened at Palmi.

KILLED IN AUTO ACCIDENT.
Cincinnati, O., Oct. 9.—Mrs. Bright Kelly, a society girl of Covington, Ky., was killed and two other young women and three men were slightly injured early today when the automobile in which they were riding turned turtle on the Indian Hill road near Madisonville.

"FIRE PREVENTION" DAY IS BEING OBSERVED

This is "Fire Prevention" day by virtue of a proclamation issued by Governor William Spry and all good citizens are expected to give a few minutes' time to the subject of preventing fires and thus aid in the movement to reduce the enormous fire losses in the United States.

It has been estimated that the per capita annual loss through fires in the United States is \$2.52, while the annual loss through fire in Europe is only 45 cents. There is a movement on foot to reduce the higher average to that of Europe.

Upon the suggestion of A. C. Nelson, state superintendent of schools, the day is being fittingly observed in the schools of the state. Superintendent J. M. Mills of the city schools requested the teachers and principals to give part of today's session to the subject and the instructions were followed.

In the higher grades essays on fire prevention were written and the best were read. Teachers explained to pupils many of the methods for preventing fires. It was urged that inflammable rubbish be kept away from buildings and that care be taken when the cold weather sets in to see that furnaces, stoves and flues are in good condition.

On "Fire Prevention" day last year, the boys of the fire department were prepared to rest during the day, but there were two fires that needed their attention. They are wondering if a call this year will come in on the day turned over to the discussion of preventing fires.

Deaths and Funerals

HARRIS—After an illness of three years, during which time he had traveled to several sections of the country in search of health, Le Roy Ezra Harris, aged 13, son of Mr. and Mrs.
